# Jahanvi Sharma

Highly motivated and innovative Frontend Developer with a keen aptitude. Possessing a recent MCA degree, I bring a fresh perspective coupled with a strong foundation in frontend development, poised to contribute effectively to dynamic projects and teams.

## Project

### Blog Website using React JS

- Utilize React's component-based architecture to break down the different elements of the blog website into reusable components.

### API based Weather Application

- A weather API based application for real time weather information with additional functionalities using Javascript, HTML, CSS.

### Mini DOCS Website using React JS

- Design the documentation website to be fully responsive, ensuring it looks and functions well across various devices and screen sizes

### Bubble Game

- A bubble game using Html, CSS and Java Script.

### Portfolio Website

- A portfolio website using Html, CSS and Java Script.

## EDUCATION

### Master's of Computer Application (2022-2024)

- From Graphic Era Deemed To Be University, Dehradun
